Dear Sir:

In the Office Action mailed November 25, 2008, the Examiner noted

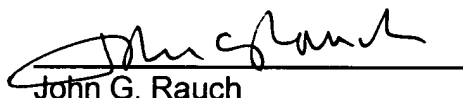

The compact disk appendix is missing from the file. Applicants' are respectfully requested to submit the disk if they want it to be considered or delete this section in the Specification.

Accordingly, two replacement copies of the Compact Disk Source Code Appendix are included herewith. These copies were made on March 26, 2009 from Applicants' file

copy of the Source Code Appendix submitted with the application on August 3, 2001. The enclosed compact disk copies are identical and are marked "REPLACEMENT COPY 1" and "REPLACEMENT COPY 2". The compact disk copies include computer source code in IBM-PC format compatible with the MS-Windows operating system. No new matter is added with these Replacement Copies which merely replace the copies previously provided to the USPTO and now identified as missing.

With this response, the application is believed to be in condition for allowance. Should the examiner deem a telephone conference to be of assistance in advancing the application to allowance, the examiner is invited to call the undersigned attorney at the telephone number below.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "John G. Rauch", is written over a horizontal line.
